

## Lesson 7 — Final Simulation

**Session 7 of 8** | **Duration:** 60 min | **Artifact:** Unassisted 4-min recording + L7 score

### Purpose

Unassisted final performance, same conditions as L1. This is the “after” measure that produces each learner’s grade.

### Phases

Time	Phase	Trainer does
0:00–0:05	Frame	State this is the final run. Same conditions as Lesson 1. No help. Language bank hidden.
0:05–0:15	Read the brief	New day brief (below). Silent reading, 10 minutes. No questions on language.
0:15–0:55	Silent prep + briefings	5 min prep, then each learner records 4 min. No interruptions, no help. Language bank not on screen.
0:55–1:00	Close	Thank learners. Save recordings for scoring. Mention the L8 format: scores revealed, capstone on a real day.

### Scripted teacher language

*“Same rules as Lesson 1. 10 minutes to read, then 4 minutes to brief.”*

*“Language bank is not on screen today. No language help. No structure reminders. You know the shape by now.”*

*“Stay on camera as the ops team for each other. No interruptions.”*

### Day brief — shared by all learners

**Site:** At-Turaif District + Bujairi Terrace (combined ops)

**Day:** Friday during the run-up to Saudi Founding Day. A week of programming is building; today is the third day, footfall ramping each day.

**Yesterday:** Footfall 6,900 across both assets. Bujairi lunch volume spilled 30% earlier than last Friday. Two queue management interventions at the Bujairi-Turaif boundary path. One F&B outlet temporarily throttled service for 20 minutes (kitchen overrun). Zero escalations to head office.

#### Today — the moving parts:

- Footfall forecast 7,200 — ramping each day this week, expected peak Sunday
- Heritage night-lighting installation crew on-site overnight; testing during operational hours 14:00–16:00 in the southern courtyard
- Two large school groups confirmed: 180-pax and 220-pax, arriving 10:00 and 11:30, both routed Turaif-first
- Weather: cool morning (12°C), warming to 22°C — visitors will linger longer outside than recent days
- A documentary film crew permitted in the southern courtyard 10:00–12:00 — minor area restriction, signage in place

- VIP visit not yet confirmed but possible: a regional governor delegation may arrive mid-afternoon. Hold contingency capacity
- Bujairi: two new menu launches at outlets #4 and #11 today — first day of sale, demand uncertain

**The briefing:** Deliver a 4-minute briefing to the cross-functional ops team.

### **After the session**

Score each learner's L7 recording using the scorecard. Calculate the L1→L7 delta and the grade band. Do not share results with learners until L8.

### **Between-session work**

Each learner brings their real upcoming day to L8 — one they'll actually brief their ops team on in the next 30 days.
